

REPORT ON PLASTIC/POLYTHENE FREE CAMPUS DRIVE

On the eve of the World Earth Day, the NSS Unit in collaboration with Eco-Yuva Tourism Club and Health and Hygiene Committee under the banner of Azadi Ka Amrit Mohotsav and Mission Life organized a cleanliness cum Plastic/Polythene free campus drive inside and outside campus on 27/04/2023. The NSS PO along with other staff members joined the volunteers.

The volunteers cleared the campus from all plastic and polythene material. In addition to that they collected all the synthetic and semi-synthetic plastic materials such as plastic bottles, eatables, wrappers and other similar materials. Volunteers also cleared identical items from outside the campus.

Later volunteers persuaded all the students to minimize the use of plastic and polythene as the waste from plastic bags poses serious environment threat to human and animal life. If these bags are not properly disposed off, they can impact the environment badly.

A pledge was taken by the students for not using polythene bags in future and to make the campus plastic and polythene free.
