

## **ANTI-DRUG AWARENESS IN THE COLLEGE**

A safe and healthy environment is mandatory for the proper grooming of students. Previous surveys have indicated high rates of illicit and prescription drug misuse among college students. As we know a social menace, drugs and alcohol are permeating very deep into the lives of innocent youth, who fall prey to this. The harmful effects of drugs and alcohol are far and many. They not only spoil the health of the individual but also slowly make people addicted to them, who turn out to be anti-social with behavioral issues.

To ensure drug free milieu for the students, NSS Unit in collaboration with Health and Hygiene Committee and anti-ragging committee organized a program regarding “Anti-Drug Awareness in the College”. The resource person for the event was Captain N M Bhat. He discussed various aspects of drug abuse. He said that the problem of drug

addiction is increasing every day and therefore, every citizen should take the responsibility to help one another against drugs. He advised the students that they should come forward to end this lethal problem. He stressed about educating the students about ill-effects of drugs and encouraging peer policing among students against the use of drugs and reporting of any noticed use of drugs by the students.

Prof. Ramiz Raja extended the vote of thanks and also conducted the stage.
